The summer meeting will focus on out-of-school programs for K-12 education, and city services related to education, such as libraries and other recreational programs.

"I am a strong proponent of STEM education, and I want all Sahuaro District families to take advantage of this opportunity that the AZ STEAM SHOP summer programs offer, as well as, what the City of Glendale provides for youth and families," said Malnar.

Councilmember Malnar will provide an update on the Sahuaro District; Glendale's Community Services staff will discuss various programs related to education; and Martin Wesolowski of the Martin Art Center, will discuss summer programs at the AZ STEAM SHOP. The AZ STEAM SHOP is a "STEM" based education center with the focus on incorporating Art as a means to explore: Science, Technology, Engineering, and Math simultaneously as the topic allows. The public will have an opportunity to ask questions of the presenters and all city-related matters.
